SCHOOL PLAYING FIELD PROPOSALS – WE NEED YOUR HELP!

We want our children to have safe, more frequent access to green space.

Monday 15th - October 6pm – Council Chambers, One Stop Shop.

The school has been in discussion with the Town Council regarding our shared use of Woodland Park. I have attended a number of working party meetings over the past few months with a representative from the local residents and a number of Councillors. Unfortunately, the group could not reach an agreement on one proposal to put forward to Full Council.

We need parent support at the public meeting on Monday 15th October 6pm in the Council Chamber.

Last year when we presented to the Council there were a large number of local residents and only a handful of parents, staff and governors. Councillors need to hear your views and appreciate the level of support for the school's proposals to ensure they vote in the best interests of our children. You would not need to say anything if you didn't want to just being there for support would be hugely helpful.

If you are unable to attend, then please email your views to the St. Austell Town Councillors via our Mayor, Gary King: Garyking4mountcharles@gmail.com and the Town Clerk, David Pooley: david.pooley@staustell-tc.gov.uk

If you have any questions, please don't hesitate to get in touch.

Many thanks for your ongoing support,

Claire Bunting
