SPORTS DAY 2018

This year, for the first time we ran both the Infant and the Junior Sports Day on the same day with a picnic lunch on the field. The infants held their events in the morning, rotating around the field to complete six activities. There were running races, an obstacle race, egg & spoon, sack races, bat & ball and bean bag races. It was great to see all the children, trying their hardest and cheering on their team. The picnic lunch was enjoyed by the children and lots of parents! The Junior Sports started with the sprints. All the children then took part in the fun activities spread around the field. There was excellent running, passing, some hurdles, relays and even golf skills. Everyone competed well, gaining valuable points towards the house trophies. It was a fantastic day of sport and the children should be congratulated on their determination and sportsmanship.

STAY SAFE! WORKSHOPS

Stay Safe Workshops are running a parent E-Safety presentation in our hall on Wednesday 27th June at 2:30pm. This presentation is following on from the work they have been doing with our Year 5 children over the last few weeks. This would be a great chance to not only find out some of the value e-safety information they have been given but to also get some extra e-safety advice on a parental level. This presentation will cover Cyber Bullying (Prevention and Cure), Cyber Strangers, Online grooming, Gaming as well as advice and tips on how to keep your child safe online and also steps parents can take if their child falls victim to bullying or experiences unwanted contact by strangers online. This presentation is aimed at Key Stage 2 (Years 3—6) parents. We hope you are able to join us on the 27th June.

ON THAT NOTE

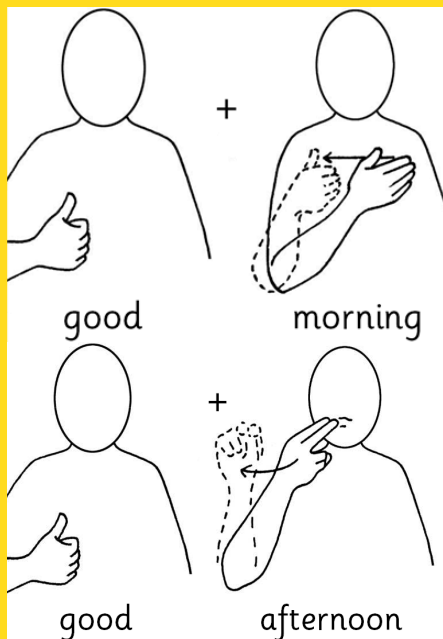

It has come to our attention that a number of children are being exposed to, and in some cases playing, a new online game called Fortnite. There has been a lot of press recently about the addictive nature of many computer games including Fortnite. This game had been certified as a 12 and is therefore deemed as unsuitable for primary school children. This link will give key information about Fortnite to help our parents and carers make an informed decision as to whether their child should be playing it and advice on how to ensure it is accessed safely if they do. The link has been uploaded to our website and can be found under the Parents tab in Online Safety.

If you would like to have a discussion about Fortnite, please speak to Mrs Brotherhood (ICT Lead) or Mrs Nancarrow (Safeguarding Lead).

On Thursday 14th June a group of year 5 children performed at the Wheal Martyn Museum. They were part of a community performance that included schools, colleges and dance groups from the across the St. Austell area. All the dances were performed outside around the museum grounds. It was a stunning backdrop and an amazing experience for the children. In school they had been busy practicing a routine that they had created with the help of the Sprindrift Dance Company. On the night, our year 5s performed brilliantly and represented their school really well. It was hard to spot the nerves despite the large numbers watching. Very well done!

All children and staff have been learning Makaton signs which aid communication. You may have noticed staff using the Good Morning sign. Please encourage your children to share with you signs they have learnt.

Kernow Rocks!

Gardening club have made some Mount Charles School rocks to hide in the local area!
How many can you find?!

Please do not park in the disabled spaces in our car parks unless you are a blue badge holder.

Unfortunately we have had to cancel our Autism Coffee morning which was booked for 25th June.

SPORTS Gala

On Friday 15th June our A team won the St Austell Primary School's Swimming Gala for the **19th successive year!** The gala, which involves ten local schools split in to two leagues, involves thirteen races with points allocated for finishing positions in each race. All races are team events with front crawl (3 x 25 m), medley (backstroke, breast stroke and front crawl) and Cannon (6 x 25 m boys and girls mixed) relays. Twenty one

of our Speed swimmers were involved on the day and they really did the school proud producing ten season best times!! There is always a certain amount of pressure on Mount Charles because of our past record and I know all of the adult helpers certainly felt it on the day! Despite the pressure our children were excellent and a credit to their families and the school.

Out of 13 races they achieved: -

5 x 1st places, 4 x 2nd places, 2 x 3rd places, 2 x 4th places

This resulted in 51 points which was the top score on the day.

Many thanks to the parents/grandparents who squeezed in to the cafeteria to support the children, to Helen Welland, Miss Nile and Mrs Gray for their support on poolside and to the whole Speed Swimming team staff who coach or help supervise the children on a weekly basis (Colin Williams, Helen Welland, Peta Ashbrook, Miss Nile, Mrs Gray, Mrs Johnson). I would also like to thank our staff and swim teachers who work on Friday afternoons teaching curriculum swimming to the junior children as the excellent standard of swimming they produce undoubtedly helps produce Speed Swimmers who then go on to excel at galas. Look out for photos of the team in the local press in a few weeks' time!

District Sports

On Monday 19th and Tuesday 20th June our children competed in the annual St. Austell District Sports Event. The field events were held at Poltair School on Monday, followed by the track events at Par Running Track on Tuesday. Nearly fifty children competed earning points as they ran, threw and jumped! There was lots to celebrate, with several first places and a huge effort put in by everyone competing. When all the points were added up Mount Charles were second to St Stephens. Thank you to all the support we had from the parents.

The children below all came first in their events!

High jump : George Murphy and Millie Hudd

Vortex throw: Tilly Warren

Year 4 60m : Max Nield

Year 5 150m : Ethan Trudgeon

Year 5 800m : Ellie Martin and Tyler Knowles

Year 6 150m: Millie Hudd

We also won all four of the 4 x 100m relays for the boys and girls in year 5 and year 6!
